New Fixture!

Microlinea Recessed Series 5

It's here! PAL introduces the MLR5 series - another addition to our Microlinea family of fixtures.

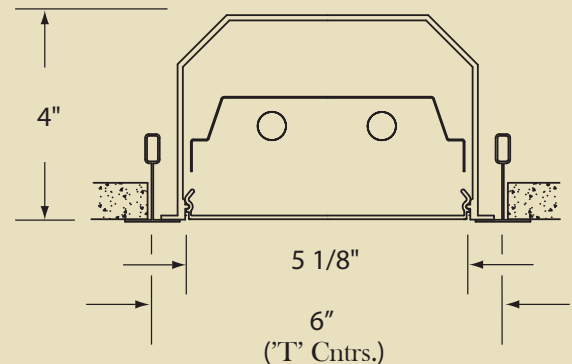

Features include:

- 5 1/8" wide lighted fixture aperture.
- T5, T5HO or T8 lamp options.
- 1 or 2 lamps in cross-section for all lamp options.
- Staggered lamping on all continuous rows.
- Installs into grid, sheetrock, or 6" wide TechZone™ ceilings.
- Horizontal ("in-ceiling") lit corners and Vertical ("wall-to-ceiling") lit corners are available.

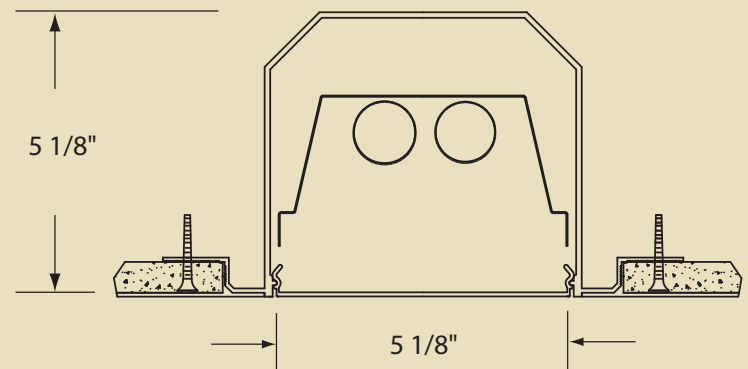

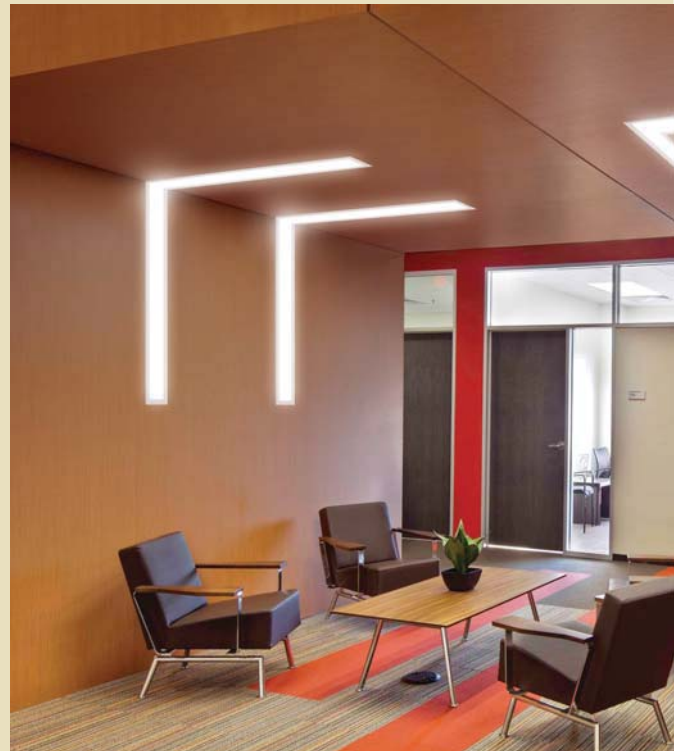

MLR5 is available for order entry and shipment **now**. Please contact your PAL factory representative for more information.

***Coming soon! (Arriving approx. 8 to 10 weeks)**

- ▶ MLR5 with an LED light source.
- ▶ MLS5 (Series 5 Suspended) for LED and T5, T5HO, T8 lamps.
- ▶ MLP5 (Series 5 Wall) for LED and T5, T5HO, T8 lamps.
