

# LASSO SLOT S3 - IP55 DIRECT (PATTERNS)

PAL Architectural Lighting presents the new LASSO SLOT S3 - IP55. Designed for rugged exterior use, the LASSO S3 is IP55 rated against dust and moisture intrusion.

Either suspended or surface mounted, the LASSO Slot S3 - IP55 allows you the ability to form myriad shapes and patterns - from simple curved corners to the most complex configurations.

At only 2.795" in width, the LASSO SLOT S3 - IP55 is a sleek, compact form that creates a minimal spatial footprint, while at the same time creating a striking architectural statement.

## SPECIFICATIONS

### Housing

Constructed of extruded aluminum and available in various curve-shape lit fixtures, as well as single straight sections of nominal 2', 3', 4', 5', 6', 7' and 8' long. In combination, custom fixture patterns are available.

### Lens/Diffusers

(FAL) Frosted acrylic snap-in lens, with magnetic retention location locks.

### Finish

Standard housing finish is textured matte white or textured matte black. Custom colors are also available.

### Gear Tray/LED Module

Removeable gear tray is constructed of solid aluminum, has LED module attached and is designed for quick and simple 'single person' installation or removal.

### Color Temperatures/CRI

LED light sources are available for the following Co-ordinated Color Temperatures (CCT):

**Standard:** 3000K, 3500K, 4000K, & 5000K

**Tunable White:** Variable CCT range from 2700K thru 6500K.

**RGBW:** (Red, Green, Blue, White) color-changing logic module is rated at 90+ CRI and is available in standard High Output and Medium Output.

Contact factory for available custom outputs.

**Color Rendering Index (CRI):** Standard: 90  
Optional: 80

### Warranty

10-year limited warranty. No other warranty is expressed or implied. Complete warranty terms can be accessed by visiting:

<https://pal-lighting.com/company/warranty>

### Certifications

Fixtures are UL listed for use in 'Dry or Damp Applications'. Fixtures are CE listed for the European market. Fixtures also carry an EMC rating (electromagnetic compatibility). IP55 rated against dust and moisture intrusion.

**Notes:**

- All fixtures are factory pre-wired for a single circuit. Provisions for multiple switching/circuiting is optional.
- Straight fixtures and 48R (48" Radius) arc segments contain integral drivers. Arc segments below 48R have remote drivers.
- Standard power supply (driver) is UL recognized, and is available with 0-10V dimming capability as well as 120 thru 277 universal voltage.
- Tunable White power supply (driver) is UL recognized, and is compatible with DALI control protocols.
- RGBW power supply (driver) is UL recognized, and is compatible with DMX control protocols.
- LASSO Slot S3 - IP55 Direct fixtures are IP55 rated - for indoor or outdoor use where wet location fixtures are required.

Minimum 30° segment, then each segment can be increased in 7.5° increments. Arc segments below 48R have remote drivers.

## Standard Bend Options

48R (48" Radius)

33R (33" Radius)

17R (17" Radius)

\*Other custom radii available on request

All radii bends can have integral drivers provided they join a straight section or are ≥ 48R

**Leak free light system**

There are no light leaks in the usual places like end plates, diffuser expansion gaps and at joints where two or more pieces are connected together. The light leak free system incorporates the Speed-Connect joining system along with innovative end plates to ensure no light leaks.

Patented flat end plate is complete with 'magnetic snap' cover plate.

**'Speed-Connect'**  
A fast, easy to assemble tool-less joining system that minimizes installation time, additional skilled labor and creates a light-leak free joint.

A 7.50° arc = the industry's smallest arc adjustment.

Removable gear-tray for quick and simple 'single person' installation.

Removable Diffuser with magnetic retention location locks

Soft Wiring with quick-connect polarized plugs for easy interconnection of segments, making it the easiest curved profile on the market to install.

The curved endplate option with 'magnetic snap' offers you a contemporary choice for your next project.

### Fully Adjustable Cable/Rollerball Suspension

A smart suspension system that can be mounted on any ceiling, whether flat or sloped.

Custom rollerball cable barrel allows fixture to hang plumb, even on sloped surfaces.

Adjustable cable barrel allows for suspension adjustment up or down.

### Some examples of Shapes & Sizes

The LASSO series has the ability to form myriad shapes and sizes, from simple curved corners to the most complex configurations.

**Note: All of the examples shown above have been designed using standard radii fixtures.**
